The Book of Proverbs

Men we will never maintain “the fear of the Lord” (the key to wisdom & success) without remaining teachable. Throughout the book of Proverbs the Father never stops reminding us to keep learning from Him. How teachable are we? How can we change to be more open to change? Pride is our barrier and humility is the key to growing in the grace and knowledge of the Lord Jesus Christ.

1. Circle how teachable you are on the scale below:

2. What is the difference between a wise son and a scoffer according to -Prov. 13:1?

3. What is the root problem and what is the surface symptom of a scoffer according to -Prov. 9:7, 9:8, 15:12, 21:24?

19. How much hope is there for someone who is not teachable according to -Prov. 26:12?

20. If -Prov. 26:12 is the end state of a scorning-fool, what is the first step down that road?

21. What practical things are you doing daily to become more teachable?

A man becomes a scorner not by fate, but by the fruit his choices. His beliefs condition his character to make bad choices regarding instruction. When we despise it and reject it, we become the scorning-fool. When we embrace it and heed it, we become the wise man.

16. Why is humility and being teachable important according to –Prov. 29:23?
